What Is the New Dress Code Policy?

MEMORANDUM

TO:All Employees

FROM:Helen Suskind, Director,  
Human Resources Department

DATE:March 22, 2005

RE: Implementation of New Dress Code

A new dress code for all employees will take effect on September 1. All employees will be required to wear professional business attire while in the office. In this context, professional business attire excludes T-shirts, sleeveless shirts, shorts, jeans, athletic attire, miniskirts, sandals, flip-flops, and sneakers. The attached sheet provides a complete list of attire that is inappropriate for the office. Please be sure to review this list carefully.

Violations of the new dress code will be handled as follows:

If you have any questions about the parameters of the dress code, please contact Martin Lamb in Human Resources immediately to schedule an appointment.

It is important that all employees understand the seriousness of this policy. Management based its decision to implement this code upon evidence that the lack of a dress code leads to a decrease in productivity. Our new dress code will help maintain the reputation and integrity of our company by keeping us aware of the need for professionalism. Thank you for your cooperation.

According to the memorandum, management decided to implement a formal dress code because

- A. formal dress helps create an atmosphere of cooperation.
- B. not having a dress code makes people less productive.
- C. casual dress may ruin the company's reputation.
- D. a formal dress code makes a good impression on customers.
- E. formal dress reflects management's personal taste.

**Answer: B**

Explanation:

Explanation/Reference:

Explanation:

The third paragraph clearly states management's reason for implementing the dress code: The lack of a dress code leads to a decrease in productivity. Formal dress codes may make a better impression than casual clothes on customers (choice a), but this is not mentioned in the memorandum. Management feels that formal dress will help "maintain the reputation" of the company, but there is no suggestion that management worries that casual dress will ruin the company's reputation (choice b). There is nothing in the memorandum suggesting the personal tastes of the management (choice d), nor is there evidence that formal dress fosters cooperation (choice e).

**NEW QUESTION: 3**

While developing a project schedule, the project manager identified several team activities that were critically

dependent upon early customer activities. These customer activities are now significantly late. What should the project manager do next?

- B. Review the risk response plan
- C. Ask the change control board (CCB) to revise the scope to fit the remaining time
- D. Update the project plan, and review it with the team at the next project status meeting

**Answer: B**

**NEW QUESTION: 4**

Which two benefits meet the business goals and support the planned changes? Each correct answer presents a complete solution.

NOTE: Each correct selection is worth one point.

- A. Microsoft Exchange Online provides built-in defenses against email threats.
