- D. Microsoft Dynamics CRM for Phones

Answer: D

NEW QUESTION: 2

HOTSPOT

Answer:

Explanation:

NEW QUESTION: 3

In the following display, can status handling be enabled for the Extract transformation?

A. No. The Extract transformation does not have a status handling tab in its Properties window, and the Return Code Check transformation can only provide status handling at the job level.

B. Yes. The Return Code Check transformation can be added to the job flow immediately following the Extract - the Status Handling tab in the Return Code Check transformation properties can then establish the desired status handling.

C. No. The Extract transformation does not have a Status Handling tab in its Properties window, therefore it is not possible to establish status handling for this transformation.

D. Yes. The Return Code Check transformation can be added to the END of the job flow - the Status Handling tab in the Return Code Check transformation properties can then establish the desired status handling.

Answer: D
