NEW QUESTION: 1

A security manager has received the following email from the Chief Financial Officer (CFO):

"While I am concerned about the security of the proprietary financial data in our ERP application, we have had a lot of turnover in the accounting group and I am having a difficult time meeting our monthly performance targets. As things currently stand, we do not allow employees to work from home but this is something I am willing to allow so we can get back

on track. What should we do first to securely enable this capability for my group?"

Based on the information provided, which of the following would be the MOST appropriate response to the CFO?

- A. Allow VNC access to corporate desktops from personal computers for the users working from home.
- B. Remote access to the ERP tool introduces additional security vulnerabilities and should not be allowed.
- C. Allow terminal services access from personal computers after the CFO provides a list of the users working from home.
- D. Work with the executive management team to revise policies before allowing any remote access.

Answer: D

NEW QUESTION: 2

One of major features in R80 SmartConsole is concurrent administration. Which of the following is NOT possible considering that AdminA, AdminB, and AdminC are editing the same Security Policy?

- A. AdminA, AdminB and AdminC are editing three different rules at the same time.
- B. A lock icon shows that a rule or an object is locked and will be available.
- C. AdminA and AdminB are editing the same rule at the same time.
- D. A lock icon next to a rule informs that any Administrator is working on this particular rule.

Answer: D

Explanation:

In SmartConsole, administrators work with sessions. A session is created each time an administrator logs into SmartConsole. Changes made in the session are saved automatically. These changes are private and available only to the administrator. To avoid configuration conflicts, other administrators see a lock icon on objects and rules that are being edited in other sessions
